Chinmay Sharma

Lead Product Designer, AI-Augmented Design and UX Strategy

Bengaluru, India, +91 96603 26468, indchinmay@gmail.com, linkedin.com/in/chinmaysharmadesigner

Professional Summary

Lead Product Designer and cross-functional design leader with 11+ years in healthcare and ed-tech SaaS, scaling design systems and AI-augmented workflows (Claude, Cursor, Figma Make, Lovable, and VS Code) across globally deployed platforms. Proven track record influencing product roadmaps, mentoring designers, and delivering accessible, research-driven experiences at Laerdal Medical.

Core Skills

Product Design and Strategy: Product Strategy, UX Vision, Information Architecture, User Journey Mapping, Experience Design, Design Critique, Roadmap Planning and Prioritization, Stakeholder Management and Alignment

Design Research: User Interviews, Usability Testing, Persona Development, Data Analysis, Research Synthesis, Behavioral Insights, Workflow Analysis

AI and Design-to-Code: Prompt Engineering, AI-Assisted Prototyping, AI Product Thinking, Design-to-Code Workflow, AI Research Assistance

Design Systems and Operations: Design Systems, Design Tokens, Design Operations, Cross-Functional Leadership, Mentoring, Design Reviews, Accessibility and Inclusive Design (WCAG 2.1 AA, Section 508)

Methodologies: SAFe Agile Methodology, Design Thinking, Competitive Analysis

Tools: Figma, Miro/Mural, Adobe Creative Suite, Claude, Cursor, Figma Make, Lovable, VS Code, ChatGPT, Jira, Confluence, Dovetail

Experience

Lead Interaction Designer, UX, Laerdal Medical

Jul 2020 – Present, Bengaluru, India

- **AI-Driven Design Workflow:** Introduced AI-assisted design-to-code workflows using Claude, Cursor, Figma Make, Lovable, and VS Code, cutting prototype turnaround from days to hours and removing engineering dependency for functional prototypes.
- Leading AI integration for the Adapt platform (ELTT), including AI Smart Authoring workflows and design-to-code experimentation.
- **Product Leadership:** Led end-to-end UX for 6+ healthcare and ed-tech products, partnering with clinicians, PMs, and engineers to ship learning platforms used by medical professionals globally.
- Provided cross-functional leadership across design, engineering, and clinical stakeholders, directly influencing product roadmap prioritization and delivery sequencing.
- Mentored junior designers and facilitated design reviews to raise design quality and consistency across teams.
- **UX Research and Strategy:** Ran 20+ user interviews and usability sessions across products, translating clinical workflow insights into design decisions that directly shaped product roadmap direction.
- **Design Systems and Accessibility:** Built and maintained a scalable design system adopted across multiple product teams, reducing UI inconsistency and streamlining design-to-dev handoff.
- Advocated for accessibility and inclusive design, aligning products with WCAG 2.1 AA standards.

Senior UX/UI Designer, Impelsys

Mar 2018 – Jun 2020

- Led the design of an exam engine enabling instructors to create and assign courses to students.

- Designed ShopCPR, an e-commerce and course-delivery platform for the American Heart Association, enabling medical professionals to purchase and complete CPR training courses online.
- Recognized for design excellence and cross-team collaboration on healthcare learning products.

UI Designer, Scripbox
Sep 2016 – Mar 2018

Graphic Designer, Wheelstreet
Nov 2015 – Aug 2016

Graphic Designer, Janaagraha
Oct 2014 – Jul 2015

Key Projects

- **Adapt Studio (Course Authoring Tool)** — platform for creating, managing, and configuring structured learning courses; current focus of AI design-to-code experimentation.
- **NRP (Learning Platform)** — delivers structured training content and assessments for a specialized clinical learning program at Laerdal.
- **Voice (AI Voice Service)** — adds AI-driven voice interaction capabilities to Laerdal's learning products.
- **Certificate Site (Laerdal Certificate Portal)** — manages certification and completion records for learners across Laerdal platforms.
- **Curriculum Designer (Curriculum Configuration and Launch Platform)** — enables configuration and launch of curricula across learning products.
- **ShopCPR (Impelsys, for the American Heart Association)** — e-commerce and course-delivery platform for medical professionals completing CPR training online.

Certifications

- Agile Methods of UX Design — Interaction Design.org
- Become a UX Designer from Scratch — Interaction Design.org
- Accessibility: How to Design for All — Interaction Design.org
- RQI Responder Certification — RQI

Awards and Recognition

- Pat on the Back Award, Laerdal Medical — Jan 2024, Aug 2023, Jan 2023
- Quality Individual Award, Impelsys — 2021
- The Excellence Award, Impelsys — 2019 (ShopCPR)
- The Excellence Award, Impelsys — 2019 (E-commerce)
- The Best Newcomer Award, Impelsys — 2018

Education

Postgraduate Diploma in Communication Design (2012 – 2014)
National Institute of Creative Communication, Bengaluru

Bachelor's Degree in Fine Arts (2008 – 2012)
University of Rajasthan
